

## Catch-Up Funding 2018-2019

### Aim:

To improve outcomes for students who arrive at St Mark's Church of England Academy working at 'below expected standard' in Literacy & Numeracy. Success criteria is that 90% of students met the expected standard in Numeracy and Literacy.

### Rationale:

The Year 7 catch-up fund provides us with additional funding to support year 7 students, who have not made expected progress in literacy and numeracy at the end of key stage 2 (KS2). This funding will assist identified year 7s with improving in their reading, spelling and maths, to assist them with full accessing the curriculum so they achieve their best. Below are a range of strategies that will support the development of literacy and numeracy for this group.
