Celebrating Exam Success with the best ever results!

I am proud to report that we have just celebrated the best ever set of results at both KS4 and KS5 with improvements in all measures. At GCSE our Progress 8 score was well above average +0.3 which is an increase of half a grade from last year. We are thrilled that at GCSE in both English and Maths, students achieved above the national average with their performance in English significantly above the national average. Three students walked away with a top grade of a 9 in English Literature and one student gained a grade 9 in mathematics putting them in the top 3.5% in the country.

Thank you for continuing to support your son/daughter to ensure they achieve their academic best.

Please do spread the word and let everyone know what a great academic offer we have for all the young people we serve and invite them along to see for themselves on Thursday 14 September.

Yours faithfully,

Lisa Peterkin
