Dear Parent/Carer,

Re: Knowledge Organisers

We hope that you and your loved ones are well.

With the recent government announcements that it will still be some time before all students can return to school normally at secondary level, the whole staff team at St Marks continue to work incredibly hard to try and ensure that home learning for your child is as effective as possible.

It can sometimes be hard for students and parents to find the help they need to support with home learning, so we would like to make you aware of a new resource on our website. Teachers have carefully considered the most important information for their subjects and have collated it in some documents that we are calling Knowledge Organisers – the most powerful knowledge required for success in that particular unit of work for each subject. These can be used by both students and parents to support home learning tasks, or as revision aids. These knowledge organisers can be found in the links on the right-hand side of the curriculum area of our website here: <https://bit.ly/3dDQeOo>

If you or your child has any difficulty accessing home learning tasks on Showmyhomework, please email homelearning@stmarksacademy.org.uk.

If you your child has any difficulty understanding or completing specific home learning tasks, please communicate this in Showmyhomework via the comment function to the relevant teacher.

If you have any concerns over your ability to access these online materials, please email me, lhampton@stmarksacademy.org.uk

Yours faithfully,

Mr L Hampton
Vice Principal
lhampton@stmarksacademy.org.uk

Principal Lisa Peterkin
